Summary:

In last week's One Nation, One Planet teaching, Mr. Keshe talked for about 15 minutes about how the Universal Council (UC) functions in regards to members. He came in to correct the misunderstanding that the Italian UC member had about replacing UC members. She was implying that if someone younger came along, and if the Italian community felt that this younger person could do a better job then ... (Mr. Keshe came at this point, when she was about to say, perhaps, that a UC member could be replaced by popular consensus). Mr. Keshe's first word was, no, then he asked if he could speak.

He said, UC members cannot be voted out. They can only leave by themselves. With the exception that a well instructed decision by the 2 Heads of the KF, or the request by the UC itself. The UC members cannot be replaced. There may be many people who would like to be a UC member, but they have to wait until the UC member of their language group steps down. If that UC member feels he or she cannot serve the soul of their language community any longer then they may step down. A UC member cannot be removed by intimidation, or by somebody pushing them out, for whatever reason.

There is one UC member per language per nation. For example, if you are Australian and speak English, you can become the English speaking member for Australia, in the same way that we have an English speaking member for England. (The language) comes from different state of soul, and understanding of the life.

You can have as many UC supporters (as you like), but they have to wait until the UC member resigns, and then from the supporters, if they want, they can put their name forward to fill the vacant seat.

In the first (UC) meeting in Dubai, there were many Chinese and another language, and then they decided amongst themselves, who, according to their own strength of their soul, would serve the community better, and the others stepped down. They moved back and allowed the ones who could serve better to move forward. This comes from detachment, (rather than) saying , "I can do better."

We have seen many of the UC members after awhile leave their position for whatever reason. And I think we have only replaced 1 or 2 members. We asked them to leave for a gross misconduct, but this will not be repeated.

So you can become a UC member if the space in your language group is free. If you are a Spanish speaking Argentinean, then there is a UC seat for the Spanish language of Argentina. (Spanish speaking from Spain is different then Spanish speaking from Argentina), because even though you have a mother language, the mentality of the nation is totally different, and it carries a different soul. It's very clear in the work of the Foundation.

The UC Italian member confirmed that she understood. "If someone feels to be a UC member he offers himself to be, then the moment he feels like he cannot cover that position, he could resign."

Mr. Keshe continues, we have had cases of UC members who wanted to resign, and they had offered their resignation to the Foundation. When this happens we hold a session to hear the reason and understand why. And it happens that in the talking and the discussion that they realize, that actually there was no reason for them to step down. So they kept their seat.

While at other times we see UC members who are involved in misconduct in different ways. If you noticed in the past year or two, as I have seen the misconduct of UC members, I have announced that soon we will see members leaving the council. I even tell how many members will move, because I work through the soul, I don't work through the physicality.

I explain it very clearly, because I see the behavior of the work, and I see it long before members of the Foundation realize it. I have given many notices, when I announce that 2 or 3 members will move, then within a short time 2 or 3 members will move on, and long

before they wanted to move themselves. We are aware of the conduct, and we are very close to understanding the work of the members of the Foundation, and this brings us a lot peace, a lot of strength, and at the same time, we work, to keep the Foundation on a correct path. So you will see us many times announcing or saying that certain members will leave, or something will happen, because I work through the soul. I see long before it happens, and long before members of the Foundation realize the misconduct, or that the work of the soul has come to an end.

UC member you don't need to resign, or to have other people decide that they have to go. We are (not) going back on that way, or how it has been, that people outvoting others, because they want the seat. We have seen on occasions, people bullying others to leave their seats, and making all sorts of accusations, because they want to have the seat to become a member themselves. We are very aware of these things, and you cannot outvote a member, because in that process you might actually elevate a member, because you bring in the extension of the souls, and maybe they realize how they serving, and what they need to do to correct their ways.

There was an unclear question or comment about the Portuguese language seat for Brazil. I think the person thought that the Brazil seat was not available.

Mr. Keshe answered, we have received an application for UC seat for Brazil. Joaquin has stepped down, so that seat is open, and it will be announced soon. On the other hand, if the seats are taken, it means that nobody can apply, or ask for it. But also, if you do not speak the language of that nation, you cannot apply for that seat. For example, the Italian member is Italian, but lives in England, (so she can still apply for the Italian language seat). You have to be speaking the native language (of the nation you are applying for).

In the coming time, the seats of the UC will become very prestigious to hold, and people will do anything to attain such a position. We see this in different ways, and we try to structure the KF from the outset in accordance with the UC of what we call, the Universe. Once the KF opens up into Universal Community you will see replication of their work, and how councils are done in the Universe. It's no different.

Very soon we expect to have members of UC who are not from planet Earth, they'll sit amongst you, because as citizens of this planet, they will take their positions (in the UC), and it is the duty of the UC to accept them. In that process the KF will stay open to different cycles of life, accepting life and intellect across the Universe.

So at the moment, if you are from another planet, and are at this teaching, or other teachings of the KF, we have to know. At the same time we are aware that a lot of people will come and say I am from planet so and so, just to become a UC member. (We know how to) cross check references into the Universal Community, we do not disclose these things, and we do not accept anyone till we know for sure. We have seen a lot of these hullabaloo. In the coming years, we'll structure it, that members of the UC are well represented from other races, which are not from this planet, but are citizens here. We made this very clear from the beginning.

So like I said, if you are not Portuguese from Portugal, you can become a member of the Portuguese from Brazil or another Portuguese speaking nation.

Mr. Keshe was asked for any closing statements. He said, no, I am just a Knowledge Seeker, but I try to correct when there is misinformation, or misunderstanding of information. We try to keep everything very clear, KF in 2021 enters a new cycle, an international cycle. World leaders have already started contacting the KF, in opening of the KF worldwide. Very soon we will see in the international arena how KF will be represented by the invitation of nations. We have to be ready, very clear that we don't make mistakes or give misinformation, that it will become a problem for the running of the structure of the Foundation.

You got to realize that KF is a scientific organization and people bring the conduct of their souls according to the knowledge and science of the creation. It's not the Foundation with theoretical and claims to be, and people want to be the head of, or trying to hijack the KF.

KF stays totally in the name of the Creator, and it will stay that way till the end.

No one can claim that they own it, or are the possessor of it. It is one of the few foundations that is structured to be independent and live on its own. This is the way it was originally setup, and delivered by those who set the Foundation up, they were aware of the conduct of what is to come. No one can takeover the KF or represent the Foundation, it is represented by the people, by the soul of the people, and not by force and courts.

So we put it very clear that it has to stay open, and it has to be able to be, in a way, if you listen to yourselves, in past 2 hours, or past whatever sessions you have met, you are the governors of this planet, and you are learning how to govern openly and on the platform that the whole citizens of this planet can become part of it. And no decision is made in what I call, "the back rooms or corners of power," because you carry no power. The only power you have, is to accommodate the elevation of the souls. And that is the beauty of it, and as I said in the coming time you will see replication of Earth's UC with the rest of the Universe. That's why we call it Universe. There are already members of this planet who are members of the other councils in the Universe. As they represent the Soul of the Man from this planet. And then you will understand.

Thank you very much.

End of Mr. Keshe talk.

Q: Stephanie, .. so if in all the Italian group, someone else is coming along, is younger, (2:04). and all the group thinks he is younger, he is much better for that position. Because it's not me, Universal Council (UC), I am just taking that place. So if the Italian community thinks there is a person who can do a better job, ...

Mr. Keshe speaks:

No, can I speak, can I come in please.

UC members cannot be out voted, they can be only left by themselves. unless it is done, very well instructed by the Head of the KF, the 2 HFK , and the decision, or request from the UC. The UC members cannot be replaced, there can be as many people, who would like to be a council member, but they have to wait till member Council steps down. If he or she feels he cannot serve the soul of the community of the language. And it cannot come by intimidation, pushing somebody out, because of whatever reason. So there is one UC member language per nation. So if you are Australian and you speak English, you can become English speaking for Australia, as much as we have one for England. It comes from different state of soul, and understanding of the life. You can have as many supporters, and the supporters can wait till the UC member resigns, that then amongst them, if they want they can put their name forward to be the UC member. (2:06). As we all know, we had it in the first meeting in Dubai, where the Chinese were many and another language, and they decided who, themselves, according to their own strength of their soul, will serve the community better and they stepped down. They moved back that somebody else can serve better, It comes from detachment, and trying to say I can do better.

We have seen many of the UC members after awhile leave their position for whatever reason. We have only replaced I think, 1 or 2 UC, we asked them to leave, for a gross misconduct, and this will not be repeated. So you can become UC member if the space is in your language, you are Argentinean, and you speak Spanish, you can have a UC language for Argentinean in Spanish, because even though you have a mother language, the mentality of the nation is totally different, so it carries a different soul. It's very clear in the work of the Foundation.

Q: This is very good ... so basically if I understood. If someone feels to be a UC member he offers himself to be, then the moment he feels like he cannot cover that position, he could resign. Okay it's understood.

K- We have cases of UC members, (2:08). who wanted to resign they offered their resignation to the Foundation, and we usually put a session to see the reason, that we understand. And in discussion and in talking they realize that actually there was no reason for stepping down. And they kept their seat. And at other times we see members of the UC which are misconduct in different ways. And if you noticed in the work of the Foundation (F) in the past year or two, as I see the misconduct by members of the UC I have announced that soon we will see members, how many members will move, because I work through the soul, I don't work through the physicality. I explained very clearly, because I see it long before members of the F realize, the behavior of the work, and I have given many notices, in how we'll see 1 or 2 or 3 members move. And we seen within a short time the 3, 2 or whatever moves on, long before they want to move themselves. We are aware of the conduct and we are very close to understanding the work of the members of the F, and this brings us a lot peace, a lot of strength, and at the same time, we work, to keep the F on a correct path. So you will see us, (2:10). many times announce, saying certain members will leave, or certain members, something will happen, because I work through the soul, I see long before. So I see long before the F or members of the F realize the misconduct, or the work of the soul has come to an end. But

you don't need to resign, or people have decide that you have to go, we are going back on that way, or how it has been, outvoting people because I want the seat. And we have seen on occasions people bullying others to move out, and making all sorts of accusations, because if they go then they can have a seat to become a member. So we are very aware of these things, and you cannot outvote a member, because in that process you might actually elevate a member, because you bring in the ?? extension of the souls, and maybe they realize how they serving, and how they need what they need to correct in their way. Thank you very much.

Q: Jefferson, .. What was trying to point out here, it's the way it was written at the site of UC, that brings a different view, because when we read for instance, Portuguese language member chair, it's already taken because it's written there, (2:12). you have a Portuguese. Because there is it written. Here is the list of the languages that have representatives in the UC members, the list will be updated as more languages have selected representatives in the council. So there are a lot of languages in Portuguese, it is included there, so I suppose that this chair is taken already for a member of Portuguese?

K- We have received, there is a ?? application of the member of the Brazil UC. And that seat is open, it will be soon announced. Joaquin has stepped down. And on the other hand, the seats which are taken it means that nobody can apply, or ask for it. But if you are not from that language nation, you cannot apply for it to become a UC member. For example, the Italian member is Italian, but lives in England. You have to have to be speaking in that native language.

You got to realize in the coming time, the seats of the UC will become very prestigious seat to hold, and people will do anything to attain such a position. We see this in different ways, and we try to structure the KF from outset in response and accordance to the UC of what we call the Universe. Once the KF opens up into Universal Community you will see replication of work. (2:14). It's no different. Very soon we expect to have members of UC who, which are not from planet Earth, they'll sit amongst you because as citizens of this planet, and they will take their position, and it is the duty of the council to accept. And in that process the KF stays open into and in different cycle of life, accepting life and intellect across the Universe. So at the moment if at the moment you are from another planet, at this teaching, or other teachings of the KF, and we have to know. And a lot fo people come and (say I am from) planet da, da, and da, and just to be a member. There are cross check references into Universal Community, we do not disclose these things, and we do not accept anyone till we know. And then we have people who will say they are from planet blah, blah, we have seen a lot of these hullabalooos. We structure it that in coming years members fo UC are well represented from other races which are not form this planet, but are citizens of here. And we made that very clear from the beginning. So like I said, if you are Portuguese and not Portugal you can become a member of the Portuguese or Brazil or another Portuguese speaking nation. (2:16). Thank you

Rick: Is there anything else you would like to say here today Mr. Keshe.

K- No, I am just a Knowledge Seeker, but I try to correct when there is misinformation, or misunderstanding of information. We try to keep everything very clear, KF in 2021 enters a new cycle, international cycle and we have already seen, world leaders have already started contacting the KF, in opening the KF worldwide.
